

We understand how getting involved in a range of activities helps us contribute to our school and community in a positive way.

School Staff & Parents

The children take on leadership roles in pupil groups which take on board the views of the school and contribute to the school community as a whole.

Lots of pupils are members of music and sport groups outside of school which allows them to meet other children/adults from other schools. These pupils are seen as positive representatives of our school and of the community.

Many of our pupils are involved in extra-curricular activities outside of school and are encouraged to share their experiences and successes with the rest of the school.

Pupils

Everyone has a group and is good at it.

Excellent

We all have a group.

Perfect.

Mr Williams

Wonderful to hear that everyone feels included and part of the local community.

Action to improve: I would like to make greater links with our local community businesses. I will discuss more with the pupil council.
